Your catalogue 2023/24

Dear Customer, Dear Fan of Magnetic Jewellery and Wellness Products. Since I discovered the fascinating effect of magnets in 1999 and integrated them into effective jewellery and accessories, stories of enthusiastic customers reach me again and again.

The feeling of inner harmony and well-being that comes from this is very pleasing and touching to me.

Your joie de vivre inspires me and gives me energy. I hope that our bestsellers, novelties and beneficial accessories will once again contribute to making your everyday life more relaxed and colourful.

Have fun discovering them!

Yours, Petra

MAGNETS

“ Iron is the oxygen transporter in our body and the mineral also plays an important role in cell metabolism. ”

Linus C. Pauling

We on earth have forever been exposed to forces and radiation - some of them we perceive consciously, others influence us invisibly - such as magnetism. It cannot be detected by our five senses. However the power of the earth's magnetic field affects all life on our planet.

Magnetism is not only outside and around us but also hides within us. Just by existing and living we generate a magnetic field.

Really attractive: our earth's magnetic field

3 interesting facts about magnetism

1954 Linus Carl Pauling discovered the magnetic properties of our haemoglobin.

1960 researchers discovered that migratory birds and marine creatures use the earth's magnetic field for orientation.

Today magnetism is used in investigation methods in state-of-the-art medicine.

NECK & BACK

The neck hurts and your back needs a break: treat yourself to a moment with soothing wellness products and gather new strength.

Massages affect the skin and the muscles.

They promote the blood circulation of the skin and the musculature. The cell metabolism in the tissue is stimulated and blood pressure and pulse drop. The massage has a relaxing effect, hardenings in muscles and lactic acid can be eased and pain can thereby be relieved.

Not only the body, but also the mind finds massages relaxing: the gentle touches can reduce existing stress.

MASSAGES affect the skin and the muscles.

Aurora Borealis

The lights, which shine in fascinating colours, are called northern or southern lights, depending on which of the Earth's poles they occur at. They are best seen at night, but they are caused by the sun. Sometimes a small portion of the sun's energy overcomes **the Earth's protective magnetic field** and enters the earth's atmosphere at the south and north poles. This leads to the colourful play of light in mysterious violet, life-affirming green and orange or creativity-promoting turquoise.

Strong elements

According to astrology, people are assigned to the elements of air \triangle , water ∇ , fire \triangle and earth ∇ . The symbol air stands for freedom, lightness and good mood, water stands for sensitivity and emotions. Fire is the symbol of self-confidence and strength, Earth stands for reliability and a sense of reality. Celebrate these strong symbols.

Stainless Steel & powerful magnets

A particular advantage of stainless steel jewellery is that the surface does not tarnish and it is more durable than silver jewellery. Stainless steel is absolutely rust-free and particularly skin-friendly. Our jewellery pieces made of the popular material are additionally equipped with powerful neodymium magnets.

information on material and sizes

Assembly instructions for bracelets and necklaces

Centre element for bracelets with spring bar 12 + 18 mm width

- 1 First insert the pin in the lower hole.
- 2 Push the button downwards and position the upper pin in the corresponding hole. Be sure the pin clicks properly into place.

Details of materials and other important information

Magnets

The jewellery pieces contain one or more neodymium magnets. With 18 mm centre elements for bracelets you have approx. 1,800 Gauss, for water sticks approx. 2,200 Gauss. The magnets of most of the other jewellery pieces have a Gauss intensity of approx. 1,200 Gauss. Magnets may damage credit cards and other cards with magnetic strips. Please keep your cards away from magnet jewellery and accessories.

Materials

Most of our magnetic jewellery is made out of high quality stainless steel. Some jewellery pieces have a copper part built in.

Pacemakers

People with pacemakers should not wear magnetic products.

The right to cancel

As our customer you have a 14 day cancellation right. The full purchase price will be reimbursed. Should you for any reason not be content with your magnetic jewellery, you may return it within 30 days. You will then be refunded the purchase price less a 15% handling charge.

Copper jewellery

With some people wearing a copper bracelet, the wrist turns slightly green, as a result of a natural reaction between the acidity of the skin and the copper. This discolouration washes off easily with soap and water or a little lemon juice. Many MAGNETIX products are not made of copper as a lot of people do not want or need a copper supplement. In addition, some designs cannot be made of copper for technical reasons. To prevent discolouration of the skin, coat the inside of the bracelet with clear nail polish.

Jewellery care

Jewellery should be removed before showering, swimming or doing wet household chores. It can also be damaged by perfumes, creams, deodorants, hairspray or detergents. The best way to clean your jewellery is with a jewellery polishing cloth or lukewarm water.

Ring sizes

Measure the internal diameter in millimetres of a ring that fits. This measurement is the order size. (Please only order in whole millimetres/sizes)
